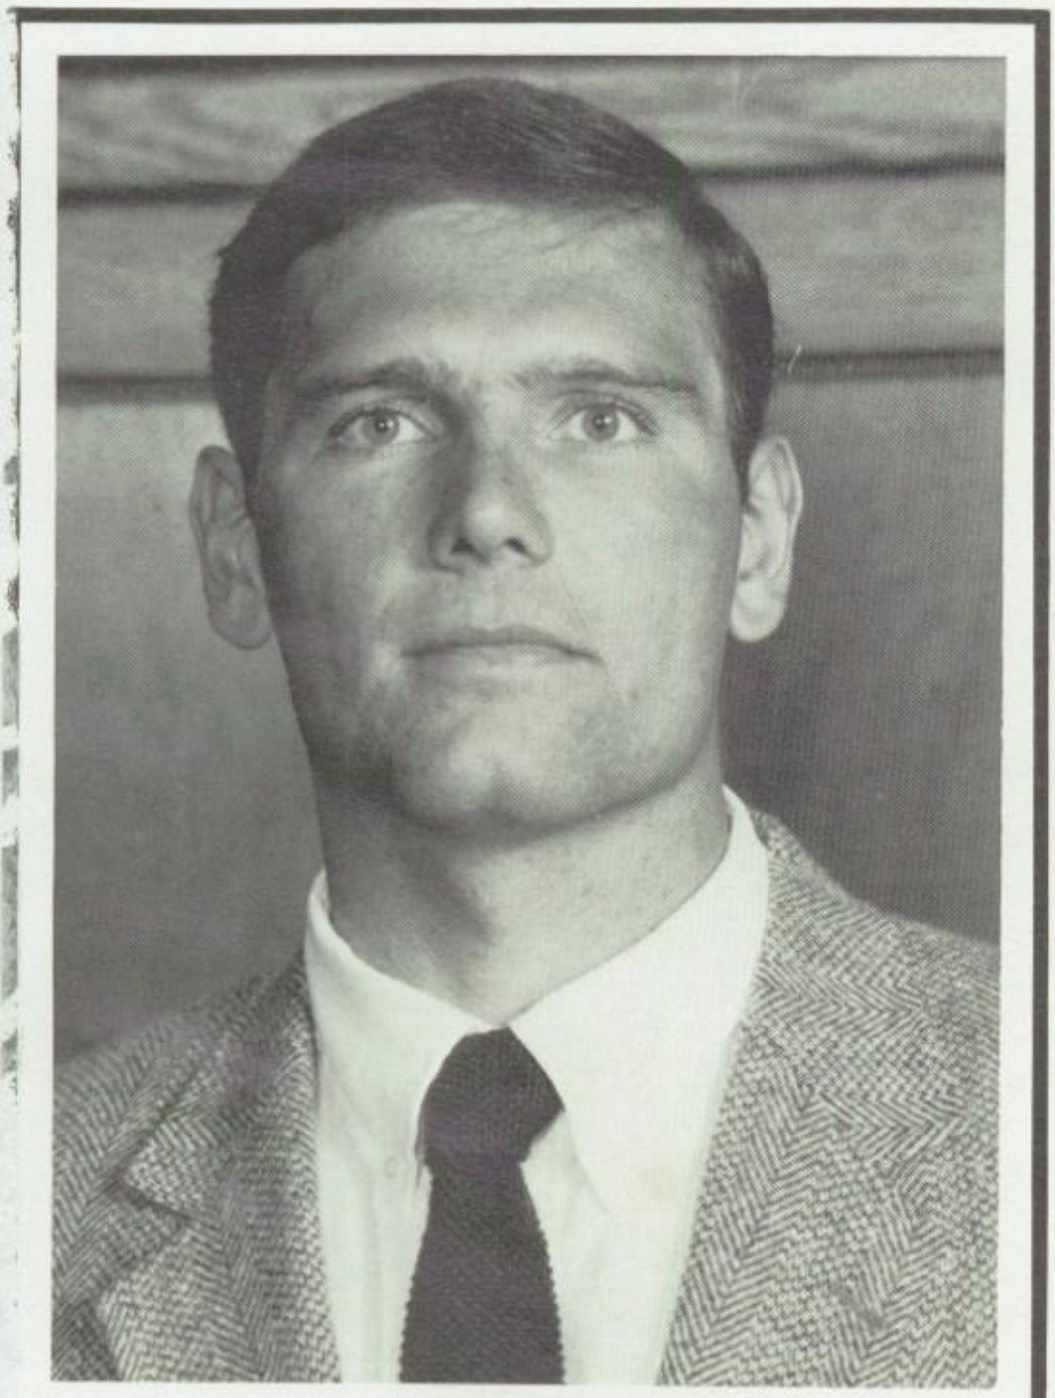
DEDICATION



The Wilbraham and Monson Academy Class of 1987 dedicates this year's edition of the *The Hill* to Mr. Jeffery Siekierski. Mr. Siekierski has been a history teacher at the Academy for the past three years, he coaches Varsity Cross Country, Varsity Track, and Junior Varsity Basketball. He is also the senior master of Wallace-Blake Hall and advises the chess club. His most important and greatest accomplishment has been advising the senior class for the past year. Mr. Siekierski has put his all into everything he has done for the school and has consistently gone over and above the call of duty. He has tremendously improved school spirit at Wilbraham and Monson. Mr. Siekierski, for these reasons has earned his dedication from the senior class.

CHANGES

The 1986-1987 Hill has been put together to show this year in perspective. This book however is also put together to show where this school has been. We have been compiling some of the past history of the school to incorporate into this yearbook. This entire book shows the present of this school in relation to the past. The staff of The Hill and myself wish to extend our best of wishes to the entire class of 1987 - Matthew J. Armata: Editor-in-Chief.

Old Academy

Here are some of the old pictures of this school. In the upper right corner of the last page, there is a picture of Rich Hall. Below this is another photo of the old Rich Hall, with two entrances, one for boys and one for girls. This building burned down many years ago to make way for the new Rich Hall. In the upper left corner of this page, there is a photo of Old Academy before the wall extended up to that point. And below this is a photo of an old art class. The seals on the right are the two older seals of Wilbraham and Monson Academies respectively.

The Staff Of The 1987 Hill Would Like To Thank Mrs. Skypeck

. . . for the help and advice that she has given to The Hill during the last two years. Her skill and dedication to the yearbook has produced two wonderful books. Her work also with the math and computer science departments put an extra burden her when trying to work on the yearbook because of the time necessary for both things. The staff of the 1986-87 Hill wishes to thank her for her immeasurable help and wishes her well in her new job at the Academy.

Past Memories and Future Dreams

My first years here they tied me down so I could not fly.
My second year here I realized that they were preparing me to say goodbye.
My last year here they let me fly, but still kept me on a line to abide.
At last I am free to go anywhere at anytime through the open sky.
I thank them for the ride but now I go on my own to try.
Goodbye mom, ma, huggybear#1 and huggybear#2
and all those close to me. Maybe
One day we will cross paths.
I will miss you all.
Goodbye .....
P.S. Don't forget to party!!!!

All around me are familiar faces,
Worn out places worn out faces going nowhere.
Their tears are filling up their glasses,
No expression.
Hide my head, I want to drown my sorrow,
No tomorrow.
And I find it kind of funny,
I find it kind of sad.
The dreams in which I'm dying are the best I ever had.
I find it hard to tell you,
Because I find it hard to take.
People run in circles,
It's a MAD WORLD.

The past means nothing, but the important thing about athletics is to do it all the time; there is a burden of being good and being consistent.- I have to say that through the good and bad times at WMA, there have definitely been more good times. I love America. I think of America as being my second life; However, I will always love my homeland of Cambodia. I never will forget my family, my people, and my cultures as long as I live. These things will always be deep in my heart. To me, it doesn't matter how one looks, what does matter, is how one looks inside, and how one grows within a friendship. Finally, I would like to thank you, MOM & DAD. Because if it weren't for your special kindness, I would never have experienced this whole thing, I will always carry you in my heart everywhere I go. Here I am ..... There I Go
I learned a lot cause there's a lot to know.
I'll be reaching new heights from the wheelees I blow.
Down faculty street on my turbo.
To the many friends who mean a lot.
I assure you won't soon be forgot.
Friends and foes I always remember.
Though I've only known most since September.
I'll look at this yearbook when I hit the big time.
And wonder, how the hell I wrote this rhyme.
You really learn a lot from a good prep school.
I've always known my mama didn't raise no fool.
It takes a lot to say goodbye.
but I know It's time for me to fly.

Good old Wilbraham, it's been fun
But now those days are gone and done
Hawk and his Strawberry Hill
And Hiroshe with his credit card bill
Everyone in a circle playing Hack
Those were some of the days of fun
But now its almost time to run
But before I go and sign off for good
I would like to thank my parents if I could
They helped me through thick and thin
And thanks to them I was able to win.

Senior year finally, I thought I would never make it, but I guess I did. I would like to take this opportunity to thank all of my friends and teachers here who have helped me out. I would especially like to thank Mr. Giles who has been teacher, dormparent and friend to me through out my stay here.

There are so many people who I owe so much to, my grandparents, my friends back home, my sister and so on.

Mom and Dad what can I say, it's been a long struggle but it's finally over, and you won't have to worry about me anymore. There is no way I could have made it without your support. I'll make you proud.

Good-bye W.M.A

6 years at W&M, but it all comes down to these last months. It was a long trip and I knew where I was but, I still don't know where I'm going. Beaker, remember the SAT Party. Wilson one more year don't blow it and look out for stalling trucks.

Wilson the rides I gave you home were wild, or how about Macduffy, Nursery st. (we still don't know where the hell that is). Petrin, I don't know about you, if I had known last year what I know this year, the good times could have been rolling sooner. Potter, a girls dorm at Wiliston is where you live? Do you remember the mall, do I know when to leave or what. Mom, Pop, Dad, Relatives, Faculty, thanks for the years at Wilbraham, making it as easy as possible for me. - THANX-

Looking for a new friend my first day here I opened my door and soon to appear a kid sitting on a bed. A toasted dude whose name was Ted. He did it right Junior year and never got a shoe in the rear. Well, Bud, once again we're at the end. Later dude. Signed a friend.

As the rest I won't forget Tom J. the man from California. To Bob C. the man with no control. Your lax skills, I never will know. Steve C. the probation man, you're out of hand. Mike C., love you anyway you crazy guy. Chris F., sick dog to greatest extent but most times a bit bent. Mike G. the ninja and John Wayne, which went faster, it was insane.

To the girls here I'll never forget Tiff, Justy, Jackie, and Sally you bet.

Oh my God, six years have gone by since the first time I walked through the doors of Rich Hall. Seems longer than that. Hey Fisker, oh yeah, we're outta here, finally! I just love those automobiles; the muscle cars of good old W+M. Just be careful not to kick the old farm, you leonard. Hey Denby, this is Pilo - the French Connection. Be on the lookout for Bakeman, he's out there somewhere. I heard JEP was seen on the wall again. Yo Jaker, love those Celtics. Hey Harty old pal, I'll see you next tuesday! Mr. Purcell, who are you calling a Dirty Old Man? Thanx lynn for understanding and putting up with me during the rough times. Fourth team soccer rules! La Belle Ball all the way! Fisker, Denby, Pilon - the triple D. IROC rules, don't let anyone tell you otherwise! Of course I could settle for a '77 T.A., maybe. Just kidding, Leonard. Thanx mom + dad for everything. You helped me make my future clearer. I don't know why, but I think I'm going to miss this place. Keep in touch guys! Bye Bye to W+M!!.

I'd like to thank my Parents and Fr. John Roach for helping to make this year of erodition and development possible. This year of schooling has definately helped my future. I can tell because my future's so bright I've got to wear shades. Don't shake your head yes and no, it confuses people who I have met and who I may never see again, Hi, I wasn't the model student when I came here and I may still not be, but now I know how to study. It was a great year for Athletics, thanks to my coaches and teammates. "Hey Dude!"

School at WM was an experience which I will take with me through the rest of my life. Everything and everyone will be remembered Mr. Casey's informative lecture on the various types of Angles.

For everything, who and what to blame? Seems like a lifetime, or an icepick in the forehead. Show me how to live, and how to love. Owe it all to you or both of you with regards to situations and other people also. Only wish I could repay you, but dought I ever could. These years will always be looked back upon for everything, the fun, the seemingly bad times, and because we got all we ever wanted. But now we've got the world and its got us, by the balls. And only we can say "look ma no hands", because the sun shines out of our behinds. Patience, Devotion, Fear, Love, Trust . . . Our Bizarre Love Triangle. I would like to give special thanks to the following: WAC, Kit-Kat, Limelight, WGAF 4-4, Pyramid, Club Clearview, Starck, Revival, KB, Kennel Club, Saint, And Fronteirs. And I would like to thank my parents for their letters of support and trips to see me as well as their funding, and making this possible, thanks. And thank you Eleana for God knows what and my grandparents too.

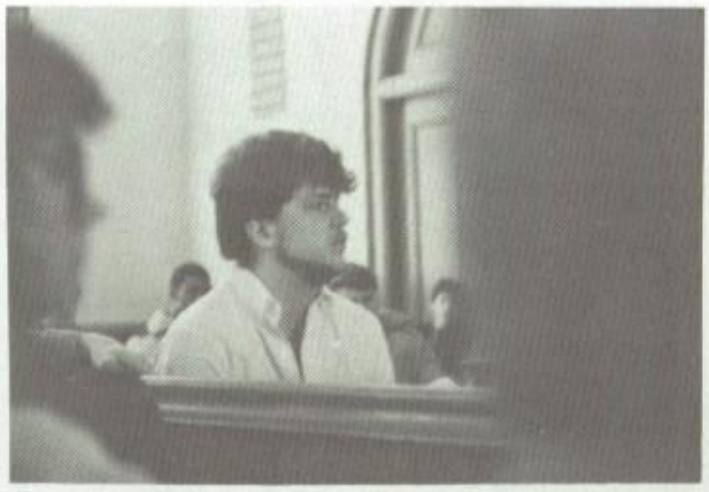
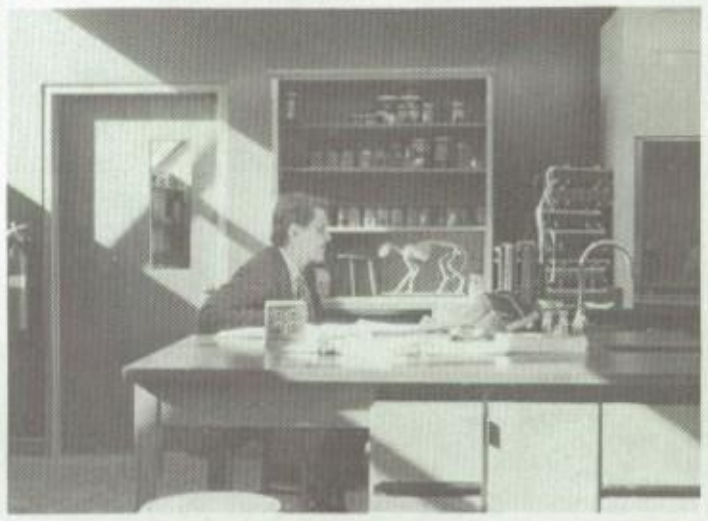
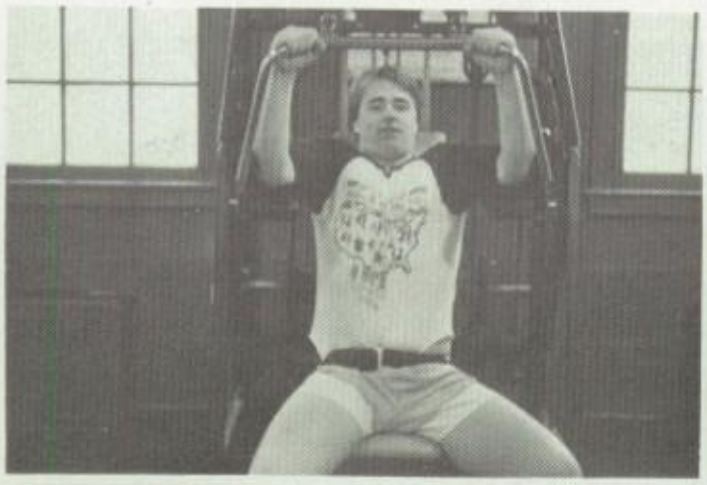
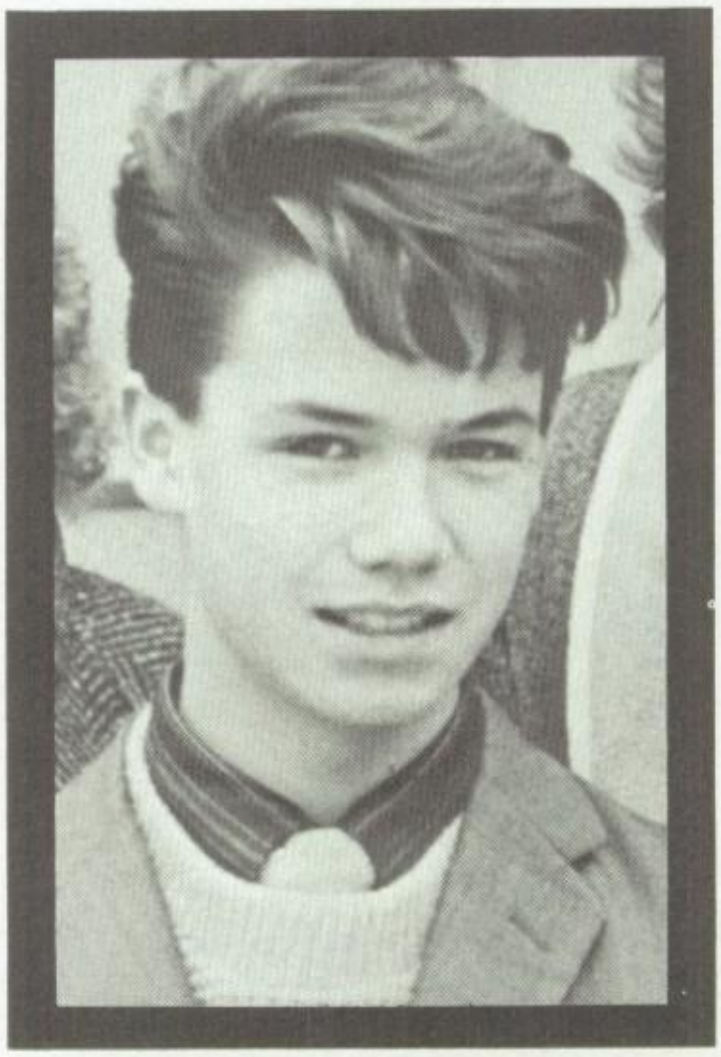
STUDENT LIFE







In Memory Of
John L. Nepomuceno



1970-1987
"Togetherness"

Death is nothing at all - I have only slipped away into the next room. Whatever we were to each other, that we are still. Call me by my old familiar name, speak to me in the easy way which you always used to. Laugh as we always laughed at the little jokes we enjoyed together. Play, smile, think of me, pray for me.
